Editor's Note

Ruth Namutebi
EDITOR

Dear Readers,

You are welcome to yet another Rotary Year where we shall all witness the Magic of Rotary.
A lot has been done by our Hope Creator President, Margaret Nakato which we hope to build on and ensure that the unfinished tasks are done accordingly.

To the new Rotarians we pray that you learn a lot from this transition as we make our Club proud.

People's perception of Rotary comes from their experiences with our club and programs, as well as from the stories we tell and the images we share. In addition to offering people a great experience, keeping our communications consistent and compelling strengthens our brand and reinforces that we're people of action. A strong brand helps us engage and attract more members, participants, donors, and partners.

It is our duty to promote Rotary through consistency in our communications – through public relations, events, advertising, social media, and more – strengthens Rotary's brand and builds awareness and understanding of how our members are people of action, creating positive change in communities around the world. Learn how to build awareness of our brand through communications that work best for our club.

As we start a new term we expect great service and love from all.

Ruth Namutebi
Public Image Director

RI President Elect's Message

Stephanie A. Urchick
President-elect 2023-24
Rotary Club of McMurray
Pennsylvania, USA

Stephanie Urchick is a member of the Rotary Club of McMurray, Pennsylvania, USA. She will serve RI as president in 2024-25. She has been an RI director and Rotary Foundation trustee. She has served RI in numerous capacities, including as training leader, regional Rotary Foundation coordinator, and RI president's representative. In addition, Stephanie was a representative and member-at-large to three sessions of the Council on Legislation.

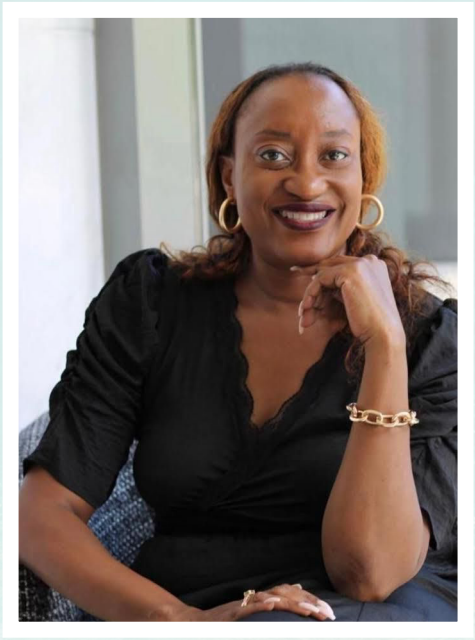
Stephanie has also served as chair of the Rotary Strategic Planning Committee and The Rotary Foundation's Centennial Celebration Committee, as well as a member of various Rotary committees, including the Election Review Committee and Operational Review Committee.

A Rotary member since 1991, Stephanie has participated in a variety of international service projects, including National Immunization Days in India and Nigeria. In Vietnam, she worked with clubs to help build a primary school and traveled to the Dominican Republic to install water filters. A student of several Slavic languages, she has mentored new Rotary members in Ukraine and coordinated a Rotary Foundation grant for a mammography equipment and a biopsy unit for a hospital in Poland. In its commemorative book, the Rotary Club of Krakow, Poland, noted Stephanie as a key figure for helping the re-birth of Rotary in post-Communist Poland.
Currently, Stephanie is helping to partner clubs and districts in the U.S. with Rotary clubs in Albania, Kosovo, and Ukraine for humanitarian and educational services.

Stephanie's professional background is in the higher education, consulting, and entertainment industries. She received her doctorate degree in Leadership Studies from Indiana University of Pennsylvania and has been recognized and awarded by The Rotary Foundation and numerous community and international organizations.

DG's Message

Embracing the Magic of Rotary: A CALL TO ACTION FOR THE NEW YEAR



Greetings my fellow Rotarians,

Time seems to be racing by so fast with just a few days left before we step into the new Rotary year, where we shall cre- ate opportunities to experience and cel- ebrate the 'Magic of Rotary'.

As we approach the 'dawn of a new year' let us use this opportunity to re-fo- cus and re-energise and put into play all the preparatory work and hours of plan- ning that have gone into ensuring that we make our next steps count.

Focus on the four priority areas: Increasing our im- pact, expanding our reach, enhancing participant engagement and increasing our ability to adapt will be key throughout and we shall need to look at these alongside our targets as a district and as clubs as our guiding factor in our work. If you have not set targets and do not have strategic plans, this is the time to ensure we have these in place, and also the time to ensure we are intentional in our use of them.

Let us use the opportunity a new year brings to also re- examine the value Rotary brings to our communities and to ourselves. Why did we join and why do we continue to be present? What can we do to enhance our member experience and bring others to join us as members or partners and work alongside us? We need more helping hands in order to do more, and give more. This will all come together when we iden- tify and achieve the value that we seek.

I believe we give our best when we are at our best, and all else will fall in place. You the clubs, our Ro- tarians, our members are who make it happen and bring the magic to Rotary and let us remember to enjoy this journey.

Let us continue to inspire and motivate each other, and together achieve the targets that we have set for ourselves.
Together we shall make this year simply irresistible!

Agnes Mungati Batengas
DISTRICT GOVERNOR

Embracing the Irresistible Magic of Rotary

My beloved Rotaract Family,

As we step into the Rotary year 2024-2025 under the en- chanting theme "The Magic of Rotary," I am filled with excite- ment and anticipation for the extraordinary journey that lies ahead. This year, we have a unique opportunity – an invita- tion, if you will – to make Rotary irresistible.

But what does it mean to make Rotary irresistible? It means infusing every aspect of our organization with the magic that sets us apart. It means embodying the values of Rotary in everything we do, and sharing that magic with the world around us.

So, how do we make Rotary irresistible?

First and foremost, let us lead with passion and purpose. Let us ignite the flames of enthusiasm within ourselves and our fellow Rotarians and Rotaractors, inspiring them to join us in our mission of service. Let us demonstrate the impact of Rotary through our actions, showing others the tangible difference, we can make when we work together.

Secondly, let us create irresistible experiences. Whether it's through engaging service projects, dynamic meetings, or meaningful fellowship oppor- tunities, let us strive to create experiences that captivate the hearts and minds of all who participate. Let us make Rotary a place where members feel valued, inspired, and empowered to make a difference.

Thirdly, let us share our stories far and wide. Let us use the power of storytelling to showcase the magic of Rotary – the lives we touch, the communities we transform, and the bonds of friendship we forge along the way. Let us leverage social media, traditional media, and word-of-mouth to spread the message of Rotary and attract new members to our cause.

And finally, let us embody the spirit of inclusivity and diversi- ty. Let us welcome people from all walks of life into our Rotary family, embracing their unique perspectives, talents, and backgrounds. Let us create a culture of belonging where everyone feels valued and ac- cepted, regardless of who they are or where they come from.

Together, let us embark on this journey to make Rotary irresistible. Let us harness the magic within us and share it with the world, making Rotary a beacon of hope, service, and inspira- tion for generations to come.

JOSEPH BATTER SSENGOOBA
District Rotaract Representative

Where to, Kisugu Victoria View?

Rtn. F.F. TUSUBIRA
Past District Governor
Rotary District 9200 (Eritrea, Ethiopia, Kenya, Tanzania)

I still remember the Tuesday drives from Mpererwe through the Industrial Area peak-hour traffic to attend the meetings of KVV. It was not because Kampala North was the mother club. Or because the DG's Rep to guide the start was my very good friend and colleague Atwooki, along with other friends like Bob and Stephen. Neither was it because the Charter President Harriet was a friend and working with our firm at the time. It was because there was a magnetic vibe and refreshing energy I felt during each visit. The smiles. The hugs (Carol O with her smile at the entrance!). The fun and laughter and Guinness at after fellowships (that people like Ann N routinely dodged).

I still remember the energy and optimism when I was privileged to facilitate the formulation of the first KVV Strategic Plan at a workshop hosted by Goretti N at her workplace (Paul and Jackee – remember this?) There was energy in starting the engagement with Yoka Zone (and yes, it took persuasive skills to get Goretti to slow down on this, eat the elephant correctly). I could go on.... So much water under the bridge since 2016.

I am sorry I am not as regular as I used to be. I could of course blame traffic and all that, but deep down, I know something in the old magnetism of KVV that used to make traffic inconsequential gradually faded away. At many of the fellowships, an increasing number of familiar faces would be visibly absent. I could feel the tension and the groupings and detect the hollowness in some of the laughter. As an ear to many because I am a keeper of secrets, I learnt about the supposed whys of these challenges, the tensions, the splits.

Many times, the temptation to blatantly step in, to call on the old troops like Atwooki, Stephen and Bob, has been strong. But I know through experience that while many can advise (and indeed often mislead), healing starts from within. The will to rebuild, to re-unite – not just to get that old vibe and magnetism back to go well beyond it, is within each member of KVV. All that is needed is unity of purpose, a focus on something more important than each member. The members are the mothers of the club, and the club needs to be nurtured so that when the current mothers are long gone, KVV can still produce more members so that the work of the club shines like a beacon of hope to people in Yoka Zone and beyond. Like mothers in any species, the life of your Baby KVV is more important than any of you, or any of your egos. The members need to create a unity of purpose that sets egos, petty disagreements, and stale quarrels aside so that they protect the Baby.

Where to, Kisugu Victoria View? Will this unity of purpose emerge? Diamonds do not get spoilt because they have been covered by dung for some time: the dung can be washed off, and the diamonds will shine brilliant again. I know the unity of purpose will emerge because most of the members are diamonds. I know it will because I have seen that happening in many clubs. I know it will because you all love your club.

May the Magic of Rotary next Rotary year work on Kisugu Victoria View so that it is fully re-united, empowered to spread the Magic of Rotary in Communities!

Tusu

Message from the Create Hope in the World President

In late May of 2023, early morning at 9am, I stood on the podium being installed by Governor Robert Waggwa, apprehensive yet excited to take on the Presidency. I had no idea what to expect on my Journey as the 8th President. I had spent a year in preparation for my Presidency hoping that I will too leave a legacy.

My goal was to expand membership of the club to 75 and bring in quality members. What an ambition? Cannot believe that I am actually sprinting to the end to achieve three quarters of my goal for the year.
My other goal was to complete the projects from the previous year, rather than coming up with another project for the Club. What a tough ask especially in this economy. Still this has not stopped me from moving to offices to seek partnerships.
And most importantly, to continue on our journey to kick start our signature project Rotary-Rugby "Girl Child project".

When it came to fellowships it was my desire to entice members back to physical attendance. What a challenge this has been. It is my prayer that the next leadership continues on this.

I am glad to report that we have taken on PR more aggressively this year. We are constantly on Twitter and other social media platforms. We have an updated website and branded Rotary in our communities.

We have been very deliberate in our partnership with the youth, specifically with our baby club Kabalagala aka the Pancakes. Our objective has been to support them in leadership skills. We have contributed to both the REI and RYLA programs, so our future leaders could attend.

In the area of TRF, our club has not registered our expected target. But this will not derail us from stopping our hopes of achieving our goal this year.

But I am still very grateful to the good Lord who did not forsake me during these 12 months. I am grateful for I have left a year stronger, happier and achieved so much.

- Patience: I have learnt when to talk or keep quiet, I have learnt to take on any insults with a pinch of salt
- Resilience: I have learnt never to give up
- Empathy: I have learnt to be more emphatic
- Listening: Been a struggle but yes I have picked up on this most difficult skill

But one thing I can say is that I feel more rounded, hopefully a good leader and more humbled.
I personally would not have accomplished what I did without the following people

Family

My support network, always encouraging me on and appreciating the little that I was able to accomplish. I remember appearing on NBS as we carried out a medical camp. The overwhelming support and congratulations I received from the family just kept me going.

Board

I was lucky to have a loving board. The Board members willing joined every board meeting held. But allow me to sound out two board members who walked the journey with me to ensure I accomplish a few of my targets. Rtn Peter Bosa Service Projects Chair, Rtn Florence Mboingana the Youth Director and Rtn George Ahimbisibwe the PR Director.

Club

The KVV Family, in believing in me. You trusted me and elected me to be your President. You kept me smiling throughout the whole year.

Hope Creator Presidents

My Hope Creator Presidents, you have become more than friends, you are family. I have learnt to joke, to laugh, to love and most importantly to respect each one of you. You knew nothing about me yet you elected me as your VPOP.

District Leaders

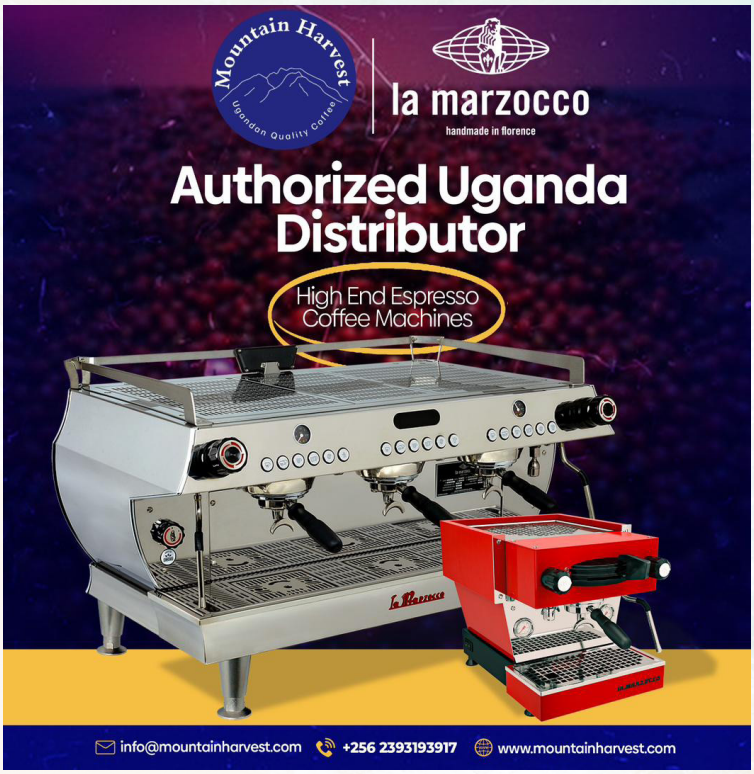
My DG and District Leaders allowing me to work with you and inviting me into your spaces and permitting me to tap into your qualities of good leadership. Thank you so much.

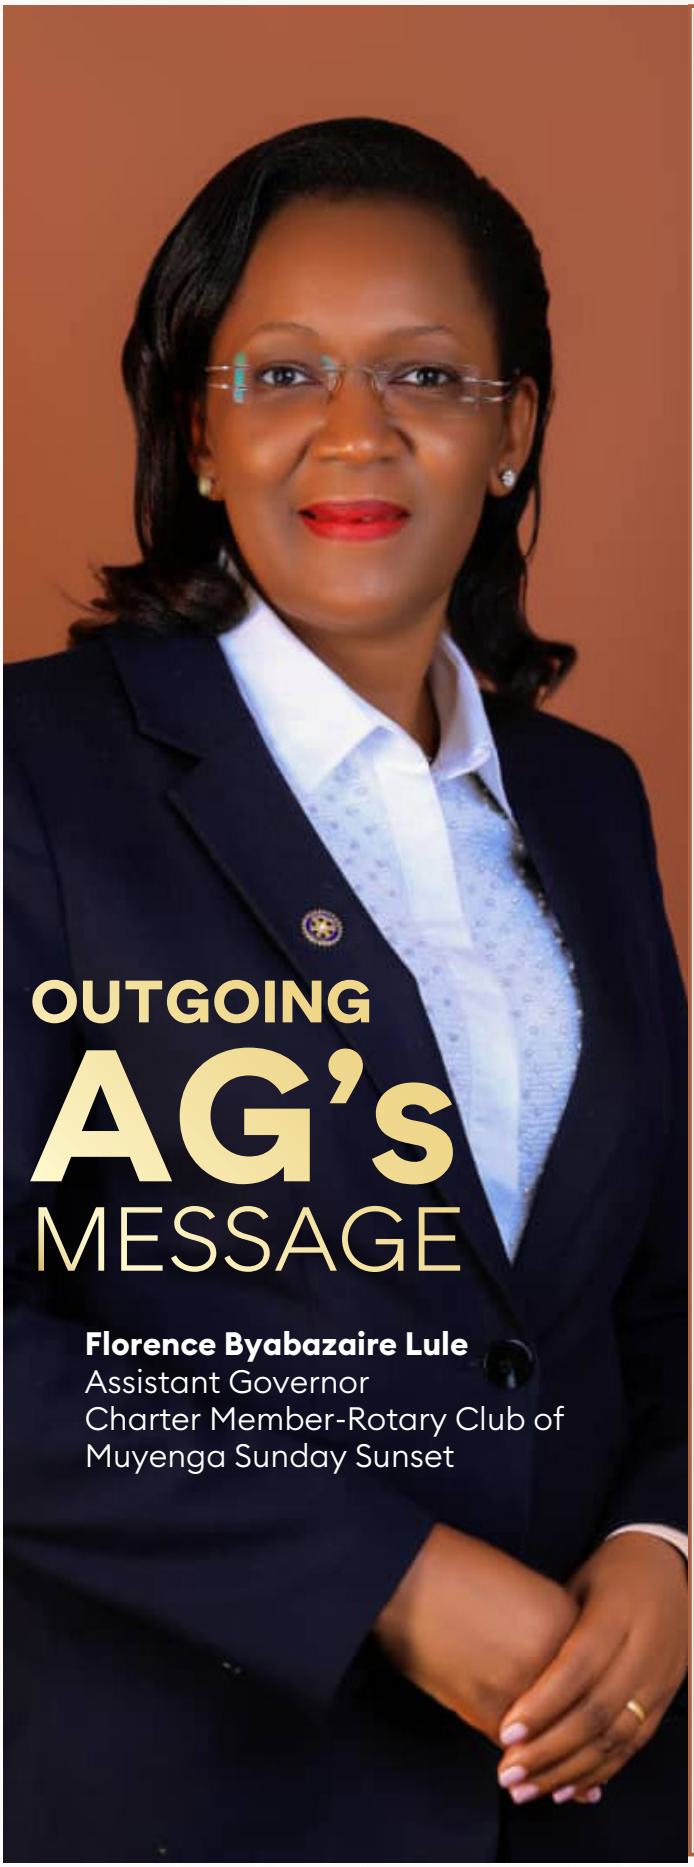
What an amazing year this has been for me, I have connected with so many Rotarians. Who knew I would learn every corner and place in Kampala. I have fellowshipped with many Rotary clubs, thanks to the Presidents.
To all Rotarians who have supported me I cannot thank you enough.
Outside of Rotary I have The Kimezza Team and Muyenga Hash group who have stood by me.

My friends who are non-rotarians you have stood by me, but you are still wondering how Rotary can consume someone's life. It is a calling. Thank you so much for understanding.
To my nephew in Australia, Semu who defined what a speech is known as these days.

Humble Brag
Thank you for reading my humble brag

Hope Creator President
MARGARET NAKATO NSIBIRWA





OUTGOING AG's MESSAGE

Florence Byabazaire Lule
Assistant Governor
Charter Member-Rotary Club of Muyenga Sunday Sunset

Congratulations Rotarian Phoebe Kisibo on your appointment as President of the Rotary Club of Kisugu - Victoria View for the year 2024-2025. Thank you for accepting to serve in The Magic of Rotary Year.

Hope Creator President Margaret Nakato Nsibirwa, I Congratulate you for having committed and served a successful Rotary year. I do appreciate you and your entire Board.

As your outgoing Assistant Governor, I am Honoured to have served with you President Margaret Nakato Nsibirwa, your Board, Club Members and the entire Rotary fraternity in this Rotary year. The journey of Rotary is one of an interesting path in life that I continue to encourage everyone to embrace for service above self. It is never a fulfilling journey without offering yourself to be of service at any opportune time, together we can do great things and save lives.

Once again, congratulations President Phoebe Kisibo and all the best as you strive to deliver a successful and Magical year focusing on our key priorites;

1. Increasing our impact
2. Expanding our reach
3. Enhancing participants' engagement
4. Increasing our ability to adopt

Incoming AG's Message

Rtn. George William Musiitwa
Assistant Governor Elect
2024-2025

Congratulations RC Kisugu-Victoria View for a yet another milestone in our Rotary Service and Welcome to PE Phoebe Kisibo.

I am exceptionally happy for Rtn. Phoebe for accepting to be counted among a team of exemplary and respectable presidents that have steered this mighty club over the years. From our Charter President Harriet Bampeera Obbo to HCP Margaret Nakato Nsibirwa. As a club, K-VV has answered the call of Serving humanity during their tour of duty, and we are still counting.

I am very humbled to be working with K-VV during the Irresistible year 2024/2025. I will be supporting clubs in Lake Victoria 4 zone, that will include: RC Entebbe, RC Kisugu-Victoria View RC Bwebajja and RC Kansanga.

This is a year in which RI President Stephanie Urchick, District Governor Agnes Batengas, all District and Country Officials are rallying clubs to focus and prioritise the Four Rotary Priority Action Points i.e,

- **To Increase our Impact** through sustainable and impactful service projects as a result of increased giving and support of The Rotary Foundation,
- **To Expand our Reach** by tapping into new and diverse areas of membership recruitment,
- **To Enhance Membership engagement**, by adding value to our members invaluable monetary and Non-monetary resources, in our meetings, Fellowships and other club activities which all create and offer individuals a Magical Rotary Experience and; Finally
- **To increase our Ability** to Adopt by embracing change and innovations in our stewardship roles.

In addition this year, we shall be celebrating **100 years of Rotary in Africa** and we are called to mark the Centennial year by "Planting our Balance" a theme aligned to protecting our environment.

In all the above KPIs, I am looking forward to working with you PE Phoebe and your entire board to spread the Magic of Rotary through all our Rotary Avenues of service. This year, we shall make Rotary as a premier service Organisation, so attractive. That way, making the decision for others to join **Rotary not only so obvious, but Irresistible.**

Outgoing Rotaract President's Message

Allow me thank the members of the Rotaract Club of Kabalagala for giving me this opportunity to serve as their 6th President, for me , it has been a great opportunity to learn practical leadership skills.

The core values of Rotary are fellowship, service, leadership, integrity and diversity and these have been well demonstrated in the 12 months I have occupied this office.

What has been implemented this Rotary year;
The theme for this year was "To create hope in the World and it is through these connections among Rotaractors, Rotarians our corporate partners and with friends that we were able to plan and implement 8 projects in our community.
Allow me mention some of the corresponding projects and fundraising drives we implemented.

As a club we designed a TRF fundraising and celebration named from our club name the Panacake festival and all contributions went to TRF (we collected 200USD, we achieved the TRF commitment of 100) we have remitted 287USD towards TRF and we had a goal of having at least 1 PHF in the club by July 2024.

Bugerere Medical Camp in which we shall be mentoring peace champions in a Youth Program. This is a mentorship program running from January to July which shall end with a 4days boot camp where we shall host 500 students for the camp.

Thanks to the selfless sacrifice by the members of Kabalagala who regularly stepped forward and volunteered to do so much and contributed in so many ways.

Thank you for demonstrating what it means to put "service above self " and create hope in the world. I am looking forward to hand on the baton to Ritah Phillips as the 7th President of the Rotaract Club of Kabalagala and I pledge to be there ready to serve.

Ssebuuma Dungu James
Club President 2023/2024

Incoming Rotaract President's Message

Hello Rotarians, Rotaractors and volunteers
To me leadership is a service and not a rank or a position to be placed on a pedestal. During our journey in the next year, I pledge to do my best to lead the club to greater heights with members continually serving above self so as to touch and change the lives of persons and communities in need but also our own.

To achieve this, we all need to collectively embrace the call of Rotary International President-Stephanie A.Urchick “Imagining, a world that deserves our best through the magic created by rotary”. We thus have to dream big, and work on the connections and the power of Rotary to turn those dreams into reality.

Message from the Magic of Rotary President

PE Phoebe Kisibo

Fellow Rotarians, my Honoured Guests and Friends,

It is with great honour that I stand here today as your newly elected and 9th Rotary President, the irresistible president in the Rotary Magic Year. I know there are many capable people in the club who can do this job, but it is my turn, and I will do it because you have put the confidence and trust in me. I want to welcome you all to this occasion of transition from creating hope in the world to the magic of Rotary.

First and foremost, I want to extend my heartfelt gratitude to our outgoing President, President Nakato Nsibirwa, whose leadership, vision, and tireless efforts have set a high standard for all of us. Thank you, Immediate Past President.

To the past leaders of this club, thank you for being amazing leaders. You led with humility and are a true inspiration as I will value working under your direction.

To my guest of honour, Rotarian Tusu Tusubira, thank you for being a witness as I take on this role.

As we embark on this new chapter together, I am reminded of the core principles that define Rotary: service above self, integrity, diversity, leadership, and fellowship. These values are not just words; they are the bedrock upon which our club stands. They inspire us to dream big, act boldly, and work tirelessly to make a difference in our community and the world.

My vision for the upcoming year is rooted in three key pillars: community engagement, youth empowerment, and increasing our impact.

COMMUNITY ENGAGEMENT: Our community is the heart of our Rotary Club. This year, I aim to deepen our ties with local organizations, schools, and businesses to address pressing issues such as education, and health care. By leveraging our collective expertise and resources, we can create sustainable, impactful projects that uplift those in need and foster a sense of unity and support.

YOUTH EMPOWERMENT: The future of Rotary and our world lies in the hands of our youth. We must invest in their potential by providing mentorship, and opportunities for leadership development. Our Interact and Rotaract clubs will play a pivotal role in this mission, and I encourage all of us to be actively involved in nurturing the next generation of leaders who will carry forward our legacy of service.

INCREASING OUR IMPACT: To truly make a difference, we must focus on increasing our impact. This involves not just expanding our efforts, but enhancing their effectiveness. We can achieve this through:

- **Enhanced Partnerships:** Strengthening collaborations with local organizations to amplify our reach and resources.
- **Innovative Fundraising:** Introducing new fundraising events and online campaigns to boost our financial capacity.
- **Volunteer Engagement:** Expanding our volunteer programs to involve more community members, thereby increasing our manpower and diverse skill sets.
- **Sustainable Projects:** Focusing on projects with long-term benefits and potential for self-sustainability.
- **Continuous Evaluation:** Implementing ongoing assessment and feedback mechanisms to ensure continuous improvement and maximum impact.

As we move forward, I am keenly aware that leadership is not about one person but about the collective strength and synergy of our members. Each of you brings unique talents, perspectives, and passions that enrich our club and its endeavors. I am committed to fostering an inclusive, collaborative environment where every voice is heard, every idea is valued, and every member feels empowered to contribute.

In closing, let us remember the words of Rotary's founder, Paul Harris: "Whatever Rotary may mean to us, to the world it will be known by the results it achieves." Together, let us strive for results that reflect our highest aspirations, guided by the enduring values of Rotary.

PE Phoebe Kisibo
